

Nah Nah Nah

50 Cent

Got the shotgun. got the handgun
Got the peeper in my nightbox
Turn the haze up better raise up
Get ya punk ass shot
Gun em down to the floor nah nah nah
Don't fuck around?
6 rounds fulla? nah nah nah

We on the trip, fuck up?
30 grands on the floor nah nah nah
We on this shit. spit a clip
Watch you wit?
Yeah I run the town like a marathon trackstar, trapstar
Teflon? front and back hah?
Hollow tip? flyest nigga in new york
