

# Apart

## Avant

You took the power out of both my hands  
I watched it melt away like a grid of sand  
Ain't no feeling greater then the way we were  
Wish we could go right back to the way we was  
Like a warrior without a sword  
Like I'm on a battlefield with no reward  
Through the dark of dawn will come the light of day  
Girl you swear that's why your never change And we went  
Far as we could, far as we could go  
And we climbed  
Higher, we held tight as we could hold  
But who let go? You let go  
Thought I was the one that owned your heart  
So how did we just fall so far apart?  
I was here for you  
I promise to be there for you  
I promise  
You knew that I was here for you  
I was here for you  
I Thought I was the one that owned your heart  
Like a Movie without a sore  
I'm so empty  
Feel like I'm on a ship but there's no shore  
I'm lost  
Now of course I thought that we would always be  
Yeah But you turned around and you showed me  
Ahhh... showed me, showed me  
When I played a game with you I'd loose  
I Can't seem to find away  
Cause you have your own way by switching up rules  
I'm so confused now  
I'm just thinking back on the way we were  
So happy, happy  
We were so close to making it work.... oohhh  
And we went  
Far as we could, far as we could go  
And we climbed  
Higher, we held tight as we could hold  
But who let go?

You let it go

You let go

You let go Thought I was the one that owned your heart

So how did we just fall so far apart? We had it all, we had it all yes we did

I Thought I was the one that owned your heart
