

# Pretty Words

## All Ends

I let you fool me, belived you cared.  
Pretty words, misled me  
How could I be so blind.

[Chorus]  
Pretty words  
Feelings of love making feelings of hate  
You dont deserve a tear that I shed  
Wish i had the strength to turn my back  
But you always know what to say.

I swore that no one  
would hurt me like this  
(apart) for your lies, no more.  
I fight for me, only me yeah

[Chorus]  
Pretty words  
Feelings of love making feelings of hate  
You dont deserve a tear that I shed  
Wish i had the strength to turn my back  
But you always know what to say.

Now I'm getting stronger, I'm starting to see that  
You're not the one I thought you
