

Anywhere In The World

Mark Ronson

[Verse 1] Come with me, come with me,

I found a new movement,

Get everybody out on the street

On the street, on the street

I found a new rhythm

To move our bodies to, to the beat

As we move our feet in unison

Kicking up the rain or the sand in the sun

It gives my heart that feeling

Could be anywhere

[Chorus] Anywhere in the world

(Moving like this, feeling like this)

Anywhere in the world

(No matter where you are)

We could be anywhere in the world

(Moving like this, feeling like this)

Anywhere in the world

(No matter where you are)

Moving like this, feeling like this

No matter where you are

[Verse 2] Follow me, follow me

To the river where on these streets

You can discover every part of me

Parts of me, part of me

Many memories make a story

Come on make another one with me

Yes we clap our hands along with the drum

Sync'ing with the pattern like we're all part of one

It gives my heart that good, good feeling

Could be anywhere

[Chorus] Anywhere in the world

(Moving like this, feeling like this)

Anywhere in the world

(No matter where you are)

We could be anywhere in the world

(Moving like this, feeling like this)

Anywhere in the world

(No matter where you are)

Moving like this, feeling like this
No matter where you are
[Bridge]Follow me
Down, down to the river
The sunset's golden
The water seems silver
Follow me
Down, down to the river
We could be anywhere in the world
But we're together
[Chorus]Anywhere in the world
(Moving like this, feeling like this)
Anywhere in the world
(No matter where you are)
We could be anywhere in the world
(Moving like this, feeling like this)
Anywhere in the world
(No matter where you are)
Moving like this, feeling like this
(Anywhere in the world)
No matter where you are
