

Martini

Turin Brakes

Kiss me like it's the first time
Pull me in upon the line
Give me something just for me
Get me drunk on Martinis
Coz I wanna feel alive
Fall deep like it's the last time
Hold me close don't let me go
Take me fast and take me slow
Please don't leave me in my shell
Like a broken bell in an old motel
Coz I wanna feel alive
Fall deep like it's the last time
Only heaven knows
Waiting all this time
Stuck here on my own
Somewhere down the line, you came
Ooooh
Coz I wanna feel alive
Hold me like it's the last time
Kiss me like it's the first time
On the edge and ill-defined
Will you just abandon me
Or get me drunk on Martinis
