Take Me with You

Secondhand Serenade

Please forgive me if I seem forward
But I've never been in front of anything like you
Its the last place I ever thought I'd be
When I woke up this morning
Is it true?
And that you're always this breathtaking
And your smart and you're willing
My God this is killing meTell me all the things you never said
We can lie here and talk for hours in my bedI don't have anything to hide
I don't have anything
Everything is not for certain
I don't have anything to hide
I don't have anything
Everything is not for certainYou started to see right through me
And I'm loving every minute of it
Its like I'm born again
Every time I breath in so,
If you're curious,
My favorite color's blue
And I like to sing in the shower
If you like, I'll sing to youTell me all the things you never said
We can lie here and talk for hours in my bedI don't have anything to hide
I don't have anything
Everything is not for certain
I don't have anything to hide
I don't have anything
Every thing is not for certainTell me all of your hopes,
All of your dreams
I want you to take me there (take me there)
Tell me all of your hopes,
All of your dreams
I want to take you there (take you there)
Tell me everything
Every breath, I want you to know I'll be there
There's just one more thing,
One request
I want you to take me with youTake me with you
I will never let you down

I will love you now and forever
