Kansas

There's a reason for all that rhymes It's the fact and the way of the times It's moving emotion, it's high and it's low No matter where you goThere is something for all who Look, there's a story in every book All of the pages, between all the lines So much that you can findBut there's too many empty lives my friend And we just can't let them waste away For this life is a precious thing my friend And we just can't wait another dayThere's a message in every word And it's more than the word you heard Moving emotion, it comes like a sea Washing all over meBut there's nothing that we can't do my friend 'Cause the spirit is with us all And it's here and it's now, it's up and it's down You can feel it surrounding us all After all it's all the same, only difference is a name And where we are

In this crazy mixed up deal, there's so many things you feel

Near and far it's where you areThere's times when I can't contain all the feelings of love I'll gain

It's there for the asking, it's for all of you if you would take it tooBut there's too many empty lives my friend

And we just can't let them waste away

For this life is a precious thing my friend

And we just can't wait another day
