

Wild Boys

Mnemonic

Wild boys, wild boys, wild boysThe wild boys are calling
On there way back from the fire
In August moon's surrender
To a dust cloud on the riseWild boys fallen far from glory
Reckless and so hungered
On the razors edge you trail
Because there's murder
By the roadside in a sore
Afraid new worldThey tried to break us
Looks like they'll try againWild boys never lose it
Wild boys never chose this way
Wild boys, never close your eyes
Wild boys always shineYou got sirens for their welcome
There's bloodstain for your pain
And your telephone been ringing
While you're dancing in the rainWild boys wonder where is glory
Where is all you angels
Now the figureheads have fell
And lovers war with arrows
Over secrets they could tellThey tried to tame you
Looks like they'll try againWild boys never lose it
Wild boys never chose this way
Wild boys, never close your eyes
Wild boys always shine
