

No One On Earth

Right Said Fred

No one on earth can make me feel brand new
A tropic isle, pack your bags let's go
And leave it all to Cupid's bolts and bows
Golden words on silver tongues
Can't you tell, can't you? No one on earth can love me like you do
No one on earth can make me feel so
It won't be worth the chance of losing you
No one on earth can make me feel brand newAnd everything fits 'cos they're my favorite little bits
When we're alone, little else exists
Golden words on silver tongues
And don't you know when I'm comin' on strong?
Can't you tell, can't you? No one on earth can love me like you do
No one on earth can make me feel so
It won't be worth the chance of losing you
No one on earth can make me feel brand new
Make me feel so new
Come on, come on now thrill me the way you doGolden words on silver tongues
Don't you know when I'm comin' on strong? No one on earth can love me like you do
No one on earth can make me feel so
It won't be worth the chance of losing you
No one on earth can make me feel brand newIt won't be worth the chance of losing you
No one on earth can make me feel brand new
Thats how you make me feel, you make me feel so new
Thats how you make me feel
Come on come on now thrill me
