# Fading

## 2L8

You say you love me but they feel like words to me
But this just aint workin, still thinkin you can run over me
Drifiting, settling up to a foreign place.
If i can't see what's in front of me,
It's a mystery, but then apparently

Things just aint the same, and i'm ready for change.
Go on, be gone, bye bye, so long.

Can't you see that you're fading fading fading faaading away away away away.
I opened up my eyes and i finally realized today,
Today is too late, you're fading away.

Put a sock in it, just stop running your mouth, got my mind made up,
I aint comin back again, no way, no way, no way, no way.

Cuz i'm so fed up boy, you got me messed up
If we're hookin back up, don't press your luck today.
I'm blowing you away.

Things just aint the same, and i'm ready for change.
Go on, be gone, ta ta, so long.

Can't you see that you're fading fading fading faaading away away away away.
I opened up my eyes and i finally realized today,
Today is too late, you're fading away.

Saw you turn into a ghost right in front of my eyes.
Tell me what's a girl to do when she's crying inside?
I'm about to go insane, i'm jumping off this train,
Whether wrong or right, i'll be gone by night.

Can't you see that you're fading fading fading faaading away away away away.
I opened up my eyes and i finally realized today,
Today is too late, you're fading away.
