

Don't Cry (outro)

Mims

uh,(don't cry) just follow me for a second

 le let me take you all some place

 (Verse 1)

i remember When i was young my momma said she was goin out

 you see the problem is she was always going out

 grandma mad cuz my mama left us in the house

she was grown but granny thought she was showin out

 know you sayin damn they ain't shit to be mad to

my momma told me well that she did what she had to

but see i ain't like that she was datin them bad dudes

 so everytime she went out i gave her an attitude

 yeah i was straight throwin a tantrum

try to mess up her plans i was hopin she canceled

but ain't nobody told her what she could and she can't do

 yeah ma i was a handful so yeah

 i cried and i cried and i tried to show her my side

but she wasn't hearin her kid took the key to the crib

 out the door she wavin bye bye

she had me thinking that my tears meant nothin'

 years later found out it means something

 you see all those nights mama left me alone

 i had to learn how to stand on my own (2 feet)

 (chorus)

don't cry don't cry don't cry it'll be alright

 you only get one chance to live yo life

 up and down homie enjoy yo ride

and don't cry don't cry don't cry it'll be alright

 you only get one chance to live yo life

up and down homie enjoy yo ride (don't cry because its okay)

 (Verse 2)

so now i'm grown up rap performer

give thanks to the mirror where i practiced so much

 thanks to my grandma after so much

 sacrifice i feel so loved

and thanks to my auntie ann cuz i be damned
