

I've Been Thinking (Matthew Kyle Version)

Handsome Boy Modeling School

I been thinking about those things you said

I been thinking about those things we did

I been thinking about those you do

I been thinking about those things you made me do too Be my boy

Be my boy

Be my boy

Be my boy I was hypnotized

By your fairy eyes

Like a tiger in the dark

You were hungry from the start be my boy

Be my boy

Be my boy

Be my boy diamonds candy pills

One million dollar bills

You can try

But you can't buy me, buy me slide slide

Slippity slide

You can hip hop

You can't stop

'cause I'll never be

On my knees you can slide slide

Slippity slide

You can hip hop

You can't stop

'cause I'll never be

On my knees when I saw you on the street

I just had to look away

You were so sweet

Sexy steez

Lay back relax

Street boy please

Wait a second its gonna take awhile slide slide

Slippity slide

You can hip hop

You can't stop

'cause I'll never be

On my knees you can slide slide

Slippity slide

You can hip hop

You can't stop
'cause I'll never be
On my knees I been thinking about why you act so proud
I been thinking about what this shits about
Am I losing control
Am I losing my soul
Just tell me am I losing you be my boy
Be my boy
Be my boy
Be my boy
Be my boy
Be my boy
Be my boy
Be my boy diamonds candy pills
One million dollar bills
You can try
But you can't buy me, buy me you can slide slide
Slippity slide
You can hip hop
You can't stop
'cause I'll never be
On my knees You can slide slide
Slippity slide
You can hip hop
You can't stop
'cause I'll never be
On my knees I been thinking about
I been thinking about
I been thinking about
I been thinking about
Losing you
