

# Who We Are

## Lifehouse

Live my life around the pictures  
Taken when we met  
Spending all of my time  
Chasing your silhouette For all we go through  
I don't wanna change you  
It's my mind's running in reverse  
Trying to forget who we were  
(Who we were)  
Well, it's time and here we go  
(Here we go) As we break and we bend  
And we turn it inside out  
To take it back to the start  
And through the rise and falling apart  
We discover who we are Struggling with my thoughts  
Change the locks inside my head  
Reading between the lines  
Of what you say and what you've said I turn the radio on to drown it out  
Driving through the night to nowhere  
Trying to forget who we were  
(Who we were)  
And where it's at and here we go  
(Here we go) As we break and we bend  
Now we turn it inside out  
To take it back to the start  
And through the rise and falling apart  
We discover who we are And it's all silhouettes  
It's all in our hands  
We talk to the winds  
It's all in our hands As we break and we bend  
And we turn it inside out  
To take it back to the start  
And through the rise and falling apart  
We discover who we are And we break and we bend  
And we turn it inside out  
To take it back to the start  
And through the rise and falling apart  
We discover who we are
