## Twin Peaks

You got me feelin' so lucky  
And I hope that you fuck me  
I hope that you love me 'cause I'd rather be  
Ain't that my fuckin' problem  
Man these girls won't make you happy, happy  
She said tell me something, a couple of stories  
All the girls that broke me, they were nothing like you  
I guess I learned my lesson, got taught once  
Don't be a fuckin' pussy, that's what she told me  
Bye, bye, bye, bye  
Ba ba ba badop bop bop  
Ba ba ba badop bop bop  
Bye, bye, bye, bye  
Ba ba ba badop bop bop  
Ba ba ba I'm such a loser, my friends knew I'd lose her  
I wake up with bruises 'cause now I'm a boozier  
I had a lot of problems way before I knew her, I knew her  
And I'm feeling so scummy, I hope that you call me  
I'll tell everybody that I'm no longer lonely  
You don't have to be crazy, you did that once  
Don't be a fuckin' phony, that's what she told me  
Bye, bye, bye, bye  
Ba ba ba badop bop bop  
Ba ba ba badop bop bop  
Bye, bye, bye, bye  
Ba ba ba badop bop bop  
Ba ba ba I know it's wrong for loving you too long  
Girl, that's on me  
I know it's wrong for loving you too long  
Girl, that's on me  
I know it's wrong for loving you too long  
I wrote you all these songs I'll never sing  
I know it's wrong for loving you too long  
For coming on too strong, girl, that's not me
