

# Glorify the King

[Kem](#)

Sometimes I fail to see  
You're the reason that I believe  
You sacrificied your love for me  
Inspite of all the bad decisions that I make  
And this is why I say  
I will glorify the KingThe one that I adore  
When no other heart could ever love me more  
You magnify your life in me  
With no regard for all the promises I break  
And this is why I say  
I will glorify the KingWe glory, we glorify the Lord  
Glorify the King  
We glory, we glorify the Lord  
Glorify the KingLet all the angels sing  
And glorify his holy name  
And rejoice believe in his love  
Power and grace!  
Lift every voice let the praises erupt  
Unto the king of kings  
Honour and strenght the lord of my faith  
And this is why I sayI know that I'll never be the same  
So I glorify the king'Cause now I see  
You're the reason that I believe  
Because you gave your life for me  
I will worship you with every breath I take  
The more I pray  
The more will Christmas stay  
And this is why I say  
I will glorify the King
