

# Make a Baby

Vikter Duplaix

Ba da da da da  
Ba da da da da....da...da..da..d..dada  
Never before have I been so  
Deeply in love with another soul like  
The way that I am to day with you

Baby I don't know what to say  
You got be speechless in a certain way  
I cant find the words to describe this shhii.....

So sweet is the feeling you give to me when your a.....around  
Makes me want to get into you every second of every hour.....

Maybe we can make a baby  
(We can make a baby)  
And we can call him Vikter

We've got something special  
You and I  
Just like the fairy tails Ive been hearing bout for all of my life

We make a team  
Consisting of lovers  
So much for us to do  
With each other

Maybe we can make a baby  
(We can make a baby)  
And we can call him  
(Vikter, Vikter we can call him Vikter yeah)

I spent so much time  
Tying to avoid  
Anything that felt to meaning full  
Now I crave for so much more

Listen

Hey baby?  
Don't you want

Me to make a baby with you?

Hey baby?

Don't you want to do, oooh it?

Huh

(We can make a baby)

Hey baby?

Hey baby.

Don't you want.....What?

Me to make a baby with you?

Hey baby?

Don't you want to do it

Do it do it

(We can make a baby)

Hey baby?

Don't you want

Me to make a baby with you?

Hey baby?

Don't you want to do it

Do it do it

(We can make a baby)
