

Feels So Right

Lloyd

Mm, hey, oh oh yeah
Mm, look Oh miss lady
These sexual thoughts keeps rushing through my mind
All I want to do is touch you (touch you, touch you)
Because the feelings that I feel so hard to fight
But I ain't trying to rush you (rush you, rush you)
Even though I'm only in your town for one night
I got enough time to rush through the drill
Girl tell me how you feel deep down inside yeah
Cause I'm trying to make you feel Feels so right
Whenever your body's lying next to mine
Gon' an' get loose
Let's take it through the roof
'Cause you know that you're the truth
Girl you're extra fine
'Cause I'm trying to make you feel
Feels so right
Whenever your body's lying next to mine
Gon' an' get loose
Let's take it through the roof
Cause you know that you're the truth
Girl you're extra fine, yeah Girl your lips your eyes
Your hips your thighs, is so hypnotizing
This feeling inside of me is steadily rising
'Cause girl I know
Baby girl I know
Your love I'm trying to hold on to
Why don't you just let go and loose control
It's all on you Feels so right
Whenever your body's lying next to mine
Gon' an' get loose
Let's take it through the roof
'Cause you know that you're the truth
Girl you're extra fine
'Cause I'm trying to make you feel
Feels so right
Whenever your body's lying next to mine
Gon' an' get loose
Let's take it through the roof

Cause you know that you're the truth
Girl you're extra fine, yeahSo shorty just relax your mind
Sit back and let's unwind

And you see by the end of our escapade I'll make you mineFeels so right

Let's take it through the roof
'Cause you know that you're the truth
Girl you're extra fine
'Cause I'm trying to make you feel
Feels so right
Whenever your body's lying next to mine
Gon' an' get loose
Let's take it through the roof
Cause you know that you're the truth
Girl you're extra fine, yeahFeels so right
Whenever your body's lying next to mine
Gon' an' get loose
Let's take it through the roof
'Cause you know that you're the truth
