Love Is Love

All Saints

Love is love uh-uh
Check it, check it, check it
Love is love uh-uh
Check it, check it, check it
Something just kept up on me
As you lay next to me this morning
As you looked up into my eyes
Suddenly I realize
What I have been searching for
I no longer have to look no more
My chance to find my soul-mate of a man
Has released the woman I am
It's a feeling no one can describe (no one can describe)
But I know the feeling's here tonight (is here tonight)
Desire tingles near to my very soul (my very soul)
All my demon, all my fears I'm letting go, I'm letting go (ah...)
Love is love, you can't buy love
It's a gift not an obligation
It cannot lead you into temptation
Love is love not a game and should always remain so
Love is love, you can't buy love
It's a gift not an obligation
It cannot lead you into temptation
Love is love not a game and should always remain so
Love is leading through all pains
Love is never being afraid
It's a little things we do
Any times they come from you ooh
Laughter, anger, tears or joy
It's the love we will all know
Me and you, we fit just like a glove
Oh oh love is love
It's a feeling I can't comprehend (no I, no I)
But I know to keep it I intend (to keep it I intend)
Desire tingles near to my very soul (my very soul)
All my demon, all my fears I'm letting go, I'm letting go
(Demon, all my fears I'm letting go ah...)

Love is love, you can't buy love

It's a gift not an obligation
It cannot lead you into temptation
Love is love not a game and should always remain so
Love is love, you can't buy love
It's a gift not an obligation
It cannot lead you into temptation
Love is love not a game and should always remain so
Love... is love (love is love is love)
Love... is love (is love is love)
Love... is love (love is love is love)
Love, love (love... is love)
Love is love, you can't buy love
It's a gift not an obligation
It cannot lead you into temptation
Love is love not a game and should always remain so
Love is love, you can't buy love
It's a gift not an obligation
It cannot lead you into temptation
Love is love not a game and should always remain so
Love... is love (love is love)
Love... (yeah)
Love is love, you can't buy love
It's a gift not an obligation
It cannot lead you into temptation
Love is love not a game and should always remain so
Love is love, you can't buy love
It's a gift not an obligation
It cannot lead you into temptation
Love is love not a game and should always remain so
Love is love (love is love oh...)
It's a gift not an obligation (obligation)
Love is love (oh yeah)
Love is love not a game and should always remain so
Love is love (you can't buy love)
It's a gift not an obligation (you should find love)
Love is love
Love is love not a game and should always remain so
