

Wright Or Wrong

Dmx

This is my life
(Right and wrong)
Whatever which way they go
(Right and wrong)
Whatever which way they go
(Right and wrong)
Whatever which way they go
(Right and wrong)
Whatever which way they go
(Right and wrong)
Made me a leader before I was ready to lead
Took away my hunger but didn't give me greed
Made me successful when I just wanted to be heard
Give me the light? cause all I need is the word
Give me a life that I'm responsible for
I'll give him what's right? cause I'm responsible for him
And into the night, I'm gonna be there with him
Facing a fight, I be right there with him
Ready for Heaven? cause I done been through the Hell
And since I was seven, I've had a story to tell
See God is great and that's why I'm still livin'
He gave to me so I'ma keep on givin?
The bravery of a man's mind is slavery
Is makin? me the man I was made to be
I hate to see when cats know but don't spit it
Right is wrong, when it's on you gon get it
(Right and wrong)
Whatever which way they go
(Right and wrong)
Whatever which way they go
(Right and wrong)
Whatever which way they go
(Right and wrong)
Whatever which way they go
(Right and wrong)
I wake up frustrated dog, I'm hurtin' inside
Think about the brothers that put in, work and then died
A certain have tried, a certain have cried
When it didn't go right, you hit me like

You see things ain't always what they seem to be
And the reason I dream of thee is He's with me
And the reason I get through things so easily
Is by the grace of God? cause he see's the need to guide me
Walk right beside me
Because he knows what's goin on inside me, he tried me
Knew where my heart was at
Knew what I was thinkin?
Knew when I was down and out, left there mistaken
Knew when to pick me up, cause it got too hard

Knew when I was gonna scream out, "Please God"
And you already knew that you would be there for me
That's why I bring you together to give you the glory

(Right and wrong)

Whatever which way they go

(Right and wrong)

Whatever which way they go

(Right and wrong)

Whatever which way they go

(Right and wrong)

Whatever which way they go

(Right and wrong)

Everyday of life is a new chapter
And it's already been foretold, so it's up to the soul to capture
The essence of it all, the meek shall inherit the earth
Destined to ride with the call from birth
The true worth of a man is not measured
By what he does for himself
But what he does for someone else

And if you help another, without concern for [unverified]

What you give, you shall receive tenfold

And I, put that on my soul, and put that on my life

And everything I own and everything I know

And, everything I show is what I was meant to do

Everything I told you is what I've been through

And everywhere I been, I was for a reason

Walk through the desert, ended up freezin?

Start there, end up where?

And now they know, whatever, which way they go

Whatever, which way they go

(Right and wrong)

Whatever, which way they go

(Right and wrong)

Whatever, which way they go

(Right and wrong)
Whatever, which way they go
(Right and wrong)
Whatever, which way they go
(Right and wrong)
Whatever, which way they go
(Right and wrong)
Whatever, which way they go
(Right and wrong)
Whatever, which way they go
They know they gonna owe
They soul to the road they choose
It don't matter if you win or lose
You still gotta pay them dues
You still gotta pay them dues
You still gotta pay them dues
