

# Realize

## Nullgrad

Take time to realize  
That your warmth is crashing down on in  
Take time to realize that I am on your side  
    Didn't I, didn't I tell you  
    But I can't spell it out for you  
    No, it's never gonna be that simple  
    No, I can't spell it out for you  
    If you just realize what I just realized  
Then we'd be perfect for each other and we'll never find another  
    Just realize what I just realized  
We'd never have to wonder if we missed out on each other now  
    Take time to realize, oh, oh, I'm on your side  
    Didn't I, didn't I tell you  
    Take time to realize, this all can pass you by  
    Didn't I tell you  
    But I can't spell it out for you  
    No, it's never gonna be that simple  
    No, I can't spell it out for you  
    If you just realize what I just realized  
Then we'd be perfect for each other and we'll never find another  
    Just realize what I just realized  
We'd never have to wonder if we missed out on each other  
    But, it's not all the same, no, it's never the same  
    If you don't feel it to, if you meet me half way  
    If you would meet me half way  
    It could be the same for you  
    If you just realize what I just realized  
Then we'd be perfect for each other and we'll never find another  
    Just realize what I just realized  
    We'd never have to wonder  
    Just realize what I just realized  
    If you just realize what I just realized  
        Ooh, ooh  
        Missed out on each other now  
        Missed out on each other now, yeah  
        Realize, realize, realize, realize, oh
