

# Today

Poe

Standing in the doorway of my life in this house  
Trying to find a way to get out looking for a sign  
That I should open the door  
This craziness is getting me down But today is the day  
We break free Walking down the stairway to the traffic below  
Anything could happen I know  
But I'm sick of everybody telling me what to do  
I hear you hey but I already know And today is the day  
We break free It's clear in my mind  
After all of this time  
What I feel my love There are so many times  
That the sun doesn't shine  
But I'm here my love There are so many times  
That the sun doesn't shine  
But I'm here my love  
And today is the day Maybe I should wait  
Just a minute or two  
It's getting cold now  
I feel so insecure The future is a mistress  
That is so hard to please  
And the past  
Is a pebble in my shoe
