

# Wiped Out

## Bollock Brothers

Drowned out  
Washed out  
You cried  
In front of me

I wrote a note  
A lying note  
You died in front of me

I broke my promise  
And tore what we had  
Watch out  
My angel  
My love  
Watch out  
My love

Wiped out  
Reeling  
You died in front of me

We ripped it wide open  
Words used as knives  
Watch out  
My angel  
My love  
Watch out

My love
