

Ridin' With James Dean

Joan Jett and the Blackhearts

Johnny, Johnny I was by your side
I'm looking for a ride
Told me you won't be denied You want a taste of everything
Your going too fast, you're gonna crash
But you know you'll survive So much to fight for
Lots of flags to wave
A rebel without a cause
You've got so much to say Tell me how you feel
Tell me what you see
Ridin' with James Dean
Ridin' with James Dean, yeah You want the world to go your way
But you'd better find that I can be your kind
But it's okay Things are happening that you don't understand
But don't you worry, you know I'll be there
To hold your hand Got so much to die for
Or even more to live for
Don't you crash and burn
You got so much to give Tell me how you feel
Tell me what you see
Ridin' with James Dean
Ridin' with James Dean Tell me how you feel
Tell me what you see
Ridin' with James Dean
Ridin' with James Dean, Jimmy Dean So much to fight for
Lots of flags to wave
A rebel without a cause
You've got so much to say, c'mon say it Tell me how you feel
Tell me what you see
Ridin' with James Dean
Ridin' with James Dean Tell you how I feel
I'll tell you what I see
Ridin' with James Dean
Ridin' with James Dean
