

New Breed (Spoetnik Mix)

Fear Factory

We are the new breed
We are the future
We are the new breed
We are the future
We are the new breed
We are the future

We are the new breed
We are the future
We are the new breed
We are the future
We are the new breed
We are the future

We are immune to life itself
Cold rules of reality
We have control of destiny
We have control of what's to be

Born, bred, beaten
Born, bred, beaten
Born, bred, beaten
Born, bred, beaten

We are the new breed
We are the future
We are the new breed
We are the future
We are the new breed
We are the future
We are the new breed
We are the future

We are the new breed
We are the future
We are the new breed
We are the future
We are the new breed
We are the future
We are the new breed

We are the future
