This situation, if it gets any deeper could be critical
I'm not your love monkey so be taking back all the lies you sold
What did you want me to be?
It's just too much now so tell me so tell me so tell me one two three four
So what's your evil attitude when you got me spending my time pleasing you?
Why must you keep me underground?
Tell me tell me, why you wanna bring me down?
Is it too much to give a damn when I'm giving you one hundred and ten?
Don't blink cause I won't be around, tell me tell me, why you wanna bring me down?

Now your transmission is on the negative, you're on a losing streak
This information is getting ordinary and you're losing me
What's with your hostility when the lie's on me?
Well you're down to the last chance so tell me so tell me uno dos tres cuatro
I don't think you ever gave damn
In fact I know it
I can't take it no more
Was it all just a waste of time?
I don't wanna spend my whole life thinking bout it
Baby this is where I draw the line, I think I'm done
