

Bad Luck Situation

Johnny Winter

Yeah, full moon is rising
And the rain is falling down
Looking for my woman
But she ain't nowhere around She in a bad luck situation
Gonna shoot my baby down
I don't share or have no mercy
I got murder on my mind She in a bad luck situation
'Cause she treat me so unkind
Just like today you livin'
But tomorrow you could be dying Yeah, yeah
Boogie, with it
Alright, yeah Got my mojo in my pocket
Got my pistol in my hand
I've been thinkin', I've been wonderin'
But I just don't understand Gonna sure enough fix my woman
Where she don't meet no other man
Alright
