That Girl

Kevin Fowler

Sunset by the lake
Looked just like a dream
My world stopped on a dime
When she hopped out of that jeep
All my buddies said
"Boy don't waste your time
She's out of your league"
But I was out of my mind
That girl
Barefoot in a sundress
Top down
Hair in a wild mess
Sweet smile
Singing to the summer of '69
That girl
Just a little crazy
Green eyed
Sweet child of Dixie
Everything I ever hoped I'd find
That girl
They say some people never change
Girl I know it's true
'Cause you still turn me on
As much as you used to
Every time we touch
I'm still seventeen
And in my arms you'll always be

That girl
Barefoot in a sundress
Top down
Hair in a wild mess
Sweet smile
Singing to the summer of '69
That girl
Just a little crazy
Green eyed
Sweet child of Dixie
Everything I ever hoped I'd find

That girl
That girl
Barefoot in a sundress
Top down
Hair in a wild mess
Sweet smile
Singing to the summer of '69
That girl
Just a little crazy
Green eyed
Sweet child of Dixie
Everything I ever hoped I'd find
That girl
Top down
Sweet smile
Singing to the summer of '69
