

I've Been Waiting

Burning Image

I've been waiting, waiting for so long

Keeps the cold out

What did I do wrong?

Why'd you storm out?

What did I do wrong?

What's your hurry?

Let me sing my song "I used to be just what you wanted" you cried I've been waiting, waiting for so long

Keeps the cold out

What did I do wrong?

Why'd you storm out?

What did I do wrong?

What's your story?

What could be so wrong? "I used to be just what you wanted" you cried

It used to be so good when I was young!

I used to be just what you wanted, but you cried!
