

What Can I Do?

The Black Belles

Feeling so lonely, all the time
I'm feeling so lonely every day
What can I do to make you realize
That I really want you here today
Hey All I did was complain
And worry about the things that ain't even there
You may find it funny, that I
I couldn't make you feel it every day
Hey Yeah I am sorry, that I
I wasn't able to make you stay, hey
Just wanna make you happy, but I
I couldn't make you feel it every day
Hey
