

# That's All

## Willie Nelson & Wynton Marsalis

Some people go to school tryin' to learn how to teach  
Some people go to school tryin' to learn how to preach  
But if you preach without goin' school  
Brother you're ain't no preacher you're an educated fool  
And that's all and that's all

You'd better change your way of livin' cause the good Lord say that's all  
Now a feller I know it's a wiser man  
tryin' to save all the money that he can  
One day undertaker lets him down  
Where's he gonna spend that money under the ground  
And that's all and that's all...

(horns)

Now a man come from monkey some people say  
But the Good Book brother just don't tell it that way  
And if you believe that monkey tale like some folks do  
Then I'd rather be that monkey than you  
And that's all and that's all...

Well my little song is ended and my little song is through  
And I necessarily mean this song for you  
But if you don't like the way the little song goes  
Well it's a mighty good sign that I've been trottin' on your toes  
And that's all and that's all...
