Stay Here

Lee Dewyze

I won't say a word
'Cause that only makes it worse
When lies are told and tears are shed
But it ain't over for us yet
Just get that outta your head
Well, I know we had our disconnections
Save us both from going different directions
Give me a minute, give me a chance to see
I won't let you leave
I know right now you're mad but you will see
Why is it so hard for you to believe?
Oh, believe me every little thing is gonna be okay
My dear, as long as you stay here
As long as you stay here
You don't need to cry
Try to remember better times
Like staying up so late at night
Cigarettes and drinking wine
Hey, that was the life
I know we had our disconnections
Save us both from going different directions
Give me a minute, give me a chance to see
I won't let you leave
I know right now you're mad but you will see
Why is it so hard for you to believe?
Oh, believe me every little thing is gonna be okay
My dear, as long as you stay here
As long as you stay here, as long as you stay
So say what you want to as long as you don't go
All that I've given is my love and I've only got more
I feel like we've been down this road before
Stay here, stay here
I won't let you leave
I know right now you're mad but you will see
Why is it so hard for you to believe?
Oh, believe me every little thing is gonna be okay
My dear, as long as you stay, as long as you stay here
As long as you stay, as long as you stay here
As long as you stay, as long as you stay here

As long as you stay, as long as you stay here
As long as you stay here, as long as you stay here
