Revolution

Judas Priest

If you think it's over
Better think again
There'll be no compromise
Time to hit the power
Feel adrenaline
Move into overdrive
Here comes the revolution
Time for retribution
If you think I'd back down
Or accept defeat
Brace for the aftershock
Take it to the limit
Take it to the streets
Give it everything you've got
Here comes the revolution
Time for retribution
Time to come together
Revolution
Living on forever
Revolution
Get ready for the revolution
Here comes the revolution
Time for retribution
Here comes the revolution
Time for retribution
...
