

# ShowStopper

[tobyMac](#)

Yeah, this is the day we came to get down,  
We came to play the game in your town  
You came to ride the highs of this junk  
Baby, we came to guarantee the big crunk  
So if you or your people ever wanna doubt  
This showstoppin' party rockin'

Tell 'em all about this  
Truth from the village of the diverse citizens  
One stop one shot  
Livin like a kid again  
So turn off the lights  
They've been waitin' all night  
For the,

The showstopper  
The jaw dropper  
The big papa

We gonna get it, get it right  
We gonna get it done

The showstopper  
The jaw dropper  
The big papa  
We gonna get it right  
We gonna get it done

Hope just broke right through the door  
So why you gotta ask what I came here for  
Man we 'bout to light the night with that flare  
Job from the gun in the hand of the spare  
With the kick so hard that you gotta be strong  
It's so hottah  
You can barely hold on  
So rock me drop me  
But you will never stop me  
From takin' this show to a full room of monopoly

So turn off the lights  
Pass me the mic

Bring on the lights,  
You been waitin all night

For the  
The show stopper  
The jaw dropper  
The big papa

We gonna get it, get it right  
We gonna get it done

The showstopper  
The jaw dropper  
The big papa

We gonna get it right  
We gonna get it we gonna get it done

It's automatic  
Don't mind the static  
(Hey)  
We all fanatic (hey)  
Jesus fanatic

It's automatic  
Don't mind the static (hey)  
Jesus fanatic (hey)  
Jesus fanatic

Don't mind the static  
It's automatic

The showstopper (stopper stopper...)  
We gonna get it right (right)  
We gonna get it good  
The showstopper  
The big papa

We gonna get it right  
We gonna get it good

The show stopper  
The big papa

We gonna get right

We gonna get it good

Showstopper

Jaw dropper

Big papa

We gonna get it right, we gonna get it get it good.
