

Ready for This

Kevin Cochran

Don't you go tellin
"cause I told you so"
It's time you realize
 Time you know
 I hear these stories
 And I'm never amused
 But I'd take 10 rounds of this
I like the abuseCause I'm Ready for this
I'm so ready for thisI've learned my lessons
 But I'll do it again
 I'm taking torture
 As my medicine
 So If you hear me baby
 Remember how
 And know that i'll be here waiting
I'll tell you right now that...I'm ready for this
I'm so ready for thisI've done some things I'm proud
 Some things I regret
 Some things I recall
 And some things i forget
 But if you're out there
 And you hear me this way
 Know that I'm trying
I've been trying to sayI'm ready for this
 I'm so ready for this
 I'm ready for this
