Freaky People

Super Stereo

You can be my boyfriend
Sycophantic sleazy
I know what you're thinking
Get down on your kneesies
You can get my front
I can get your back
You can get the door
I can be your wolf packNo one needs a sissy
Just trying to get a kiss
Don't kiss, don't hug, don't rub me
Or tell me that you love me
I just need a guy
Who understands why
I got a little freaky freak
A little freak insideWe're only people
Afraid to die
Let's be people
Freaks for life(Excuse me) Don't walk away from me
It's never that easy
Take a nice look from the lips to the hips
Got a butt like (whoa)
Take me on a date
Don't wanna rollerskate
If you is a man, boy
Don't hesitateI don't play no games
No candyland, no yahtzee
If you wanna play one
I'm gonna play naughty
Okay, you've heard it all
I've said it all before
I've got a little freaky freak
A freak you will adoreWe're only people
Afraid to die
Let's be people
Freaks for lifeWe're only people
Afraid to die
Let's be people
Freaks for lifeYou can be my boyfriend
Sycophantic sleazyYou can be my boyfriend

Sycophantic sleazy
I know what you're thinking
Get down on your kneesies
You can get my front
I can get your back
You can get the door
I can be your wolf packWe're only people
Afraid to die
Let's be people
Freaks for lifeWe're only people (Only...yeah)
Afraid to die (Afraid to die)
Let's be people (Let's be people, oh)
Freaks for life
