Holla Back

Mario

Can you say like that, oh no
She looks so good
Oh my goodness Ganderous
Shorty you've got to be 'bout seventeen
Sporting your daddy truck on twenty-three
Oh, my goodness
You are the finest girl I've ever seen
And I wanna be in your world
I gotta be I gotta be
Can you spend a little time with me
Can we kick a little fantasy
Can you tell me
You with this game I'm playin' baby
Baby girl if you're feelin' me, holla
If you really likin' what you see, holla
It makes no difference to be where you at
When I holla baby holla back
Wont you, wont you holla?
Girl I'm thinkin you should be with me, holla
If you think I got a chance to breathe, holla
It makes no difference to be where you at
When I holla baby holla back
Wont you holla, holla?
Your body up about to cause a scene
Youngest girl, actin' up and so sassy
Yeah, my goodness
I know that you can't stay out all night
And baby thats alright with me
So come and swing it up with me, yeah yeah yeah
Can you spend a little time with me
Can we kick a little fantasy
Can you tell me, yeah
Come on
Baby girl if you're feelin' me, holla
If you really likin' what you see, holla
It makes no difference to be where you at
When I holla baby holla back
Wont you, wont you holla?
Girl I'm thinkin' you should be with me, holla

If you think I got a chance to breathe, holla
It makes no difference to be where you at
When I holla baby holla back, yeah
If you decide we can do whatever you want to do tonight

Girl I wanna roll with you tonight
So holla back if its alright
Holla back, yeah yeah yeah yeah
[Incomprehensible]Baby girl if you're feelin' me, holla
If you really likin' what you see, holla
It makes no difference to be where you at
When I holla baby holla back
Wont you' wont you holla?
Girl I'm thinkin' you should be with me, holla
If you think I got a chance to breathe, holla
It makes no difference to be where you at
When I holla baby holla back
Wont you holla, holla?
I'll know your watching me
Help yourself to feelin' me
Really wanna be with me
Swing it up with me
See yourself goin' over me
I'll know your watching me, I'm thinkin'
Help yourself to feelin' me
Really wanna be with me
Swing it up with me
See yourself, goin' over me
Baby girl if you're feelin' me, holla
If you really likin' what you see, holla
It makes no difference to be where you at
When I holla baby holla back
Wont you' wont you holla?
Girl I'm thinkin' you should be with me, holla
If you think I got a chance to breathe, holla
It makes no difference to be where you at
When I holla baby holla back
Wont you holla, holla?
When I holla baby holla back
Won't you holla back me
When I holla baby holla back
Won't you holla back me, yeah yeah
When I holla baby holla back
Won't you holla back me
Won't you wont you

When I holla baby holla back
Holla back me, yeah yeah
Baby girl if you're feelin' me
