

Faith Healer

The Cult

Let me put my hands on you
Let me put my hands on you If your body's feelin' bad
And it's the only one you have
You want to take away the pain
Go out walkin' in the rain You watch the flowers go to bed
Ask the man inside your head
Your spirit never has to grieve
All ya got to do's believe The faith healer
The faith healer All ya got to do is feel
Your body's going to start to heal
The fingertips of holy fire
Everlasting sweet desire No matter what the doctor say
The healer man will heal away
Ever charity for two
The miracles, can come to you The faith healer
The faith healer Let me put my hands on you
Let me put my hands on you Let me put my hands on you
Let me put my hands on you The faith healer
The faith healer Faith and hope and charity is
It's simple relativity
He can make you understand
All you've got to do is take his hand Never be what somebody said
Ask the man inside your head
The fingertips of holy fire
Everlasting sweet desire The faith healer
The faith healer Let me put my hands on you
Let me put my hands on you I just wanna put my hands on you
Let me put my hands on you The faith healer
The faith healer The faith healer
The faith healer Healer
