

Danger

[Dr. Sin](#)

Wake up
We've gotta get out
There's no time left
There's nothing left
Here for me In my mind
you won't find
No answers
The nightmares
Has just begun Oh Oh
I've got a feeling
Something is coming
And I know
It's coming for my soul
Oh yeah Oh Oh
I feel the danger
All around me
And my heart
Is beating
Out of control
