

See Her Tonite

The Damned

One, two, three, goWell, it's not so clear she's got nothing to say
It don't happen at all it's not her day
She don't like God and plastic's a con
She can't stand fools who think it's right to be wrongOh, she's so cool see her tonite
Yeah, she's no fool I wanna see her toniteShe don't fit in any so called scene
And she don't like going where she's already been
Afraid rock and rolls gonna end up like art
She can't stop what she can't even startAnd oh, she's so cool see her tonite
Oh, she's no fool I wanna see her tonite
Oh, she's so cool I wanna see her tonite
Yeah, she's no fool I wanna see her toniteShe's not so clear, she's got nothing to say
It don't happen at all it's not her day
She don't like God and plastic's a con
She can't stand fools who think it's right to be wrongOh, she's so cool see her tonite
Oh, she's no fool I wanna see her tonite
Oh, she's so cool I wanna see her tonite
Oh, she's no fool I wanna see her toniteI wanna see her tonite
I wanna see her tonite
I wanna see her tonite
