

Til I Hear It from You

Gin Blossoms

I didn't ask, they shouldn't have told me
At first I'd laugh, now
It's sinking in fast, whatever they've sold me Well baby, I don't want to take advice from fools
I'll just figure everything is cool
Until I hear it from you It gets hard, the memory's faded
Who gets what they say?
It's likely they're just jealous and jaded Well maybe, I don't want to take advice from fools
I'll just figure everything is cool
Until I hear it from you
Until I hear it from you I can't let it get me off
Or break up my train of thought
As far as I know, nothin's wrong
Until I hear it from you Still thinkin' about not living without it
Outside lookin' in
'Til we're talking about not steppin' around it Maybe, I don't want to take advice from fools
I'll just figure everything is cool
Until I hear it from you
Until I hear it from you Until I hear it from you
Until I hear it from you
Until I hear it from you Until I hear it from you
Until I hear it from you
Until I hear it from you hhh
