Never Afraid

The Worshyp

The cold wind blows through my hair
Iâ€™m fading slowly
Never once was I so afraid â€“of it
Now to my knees I hit the ground
The waitingâ€™s over
Then with just one tear I am so ashamed of this
Yeah, Yeah
Never be afraid of fear to be brave
The memory plays in your head
As you lie there waiting
You canâ€™t remember being so afraid of him
The night grows old but thereâ€™s no sound
Your hope fades slowly
Then with just one tear you are so afraid of it
Yeah, Yeah
Never be afraid of fear to be brave
