

Stupid Love

Em Possible

[Verse 1: Em.Possible]

My dependence is my tendency
To get you wrapped inside my mind

Like a maze,

I can't escape

No matter how hard I try

You keep me here against my will, eventhough

I know i'm free,

to go in any time I like

Till you begged me baby please[Chorus]

Someday maybe things will be different

I'll promise that I change

My heart is so drunk on your stupid love

I don't listen to my brain, and i stay[Verse 2: Em.Possible]

I see you make an effort for about 2 weeks

Your predictable in your patterns

And it brings me too my knees

I see you fall right back into the habbits

I can't stand

Drinking, lieing, smoking, fighting

I dont understand

You say'someday things will be different, I promise that i'll change' and my hearts so drunk on your stupid love

I don't listen to my brain, and i stay[Verse 3: Em.Possible]

My heart is like a ticking time bomb

As each moment passes, i know

Its only a matter of time, before I explode[Chorus] 2xRepeat

Someday maybe things will be different

I'll promise that I change

My heart is so drunk on your stupid love

I don't listen to my brain, and i stay
