

# I've Waited for so Long

## The Juan MacLean

I waited for so long  
But you can be so hard  
So people like you say  
Living is easy to do I know I was so far  
And everyone falters  
But this was my only  
Way to get back to you Leaving you to your life  
Leave to me the whys  
Leaving you to your life  
I'm living high and dry  
But I'll get by  
Leaving you to your life  
Living so out of sight  
Living without a light  
Leaving you without the life  
Leaving you with leaving me behind I held out for so long  
For you to get closer  
This is what I get  
For being the lonely fool But my heart is holding  
Out for a vision  
If you could see clearly  
You'd be leaving too Leaving you to your life  
Leave to me the whys  
Leaving you to your life  
I'm living high and dry  
But I'll get by  
Leaving you to your life  
Living so out of sight  
Living without a light  
Leaving you without the life  
Leaving you with leaving me behind Left behind, left behind, left behind... If you don't walk away it won't be  
good enough  
If you don't walk away  
If we don't walk away it won't feel good enough  
If we don't walk away  
If you don't walk away it won't be good enough  
If you don't walk away  
And then we say Leaving you to your life  
Leave to me the whys

Leaving you to your life  
I'm living high and dry  
But I'll get by Leaving you to your life  
Living so out of sight  
Living without a light  
Leaving you without the life  
Leaving you with leaving me behind
