

In Your Arms

[Kina Grannis](#)

Hush, now let's go quiet to the park
Where it first started
Cool night, us lying in the dark
I felt my heart
Was trying to find the place for you to stay
A place where I feel safe Anything we have known, anything we've forgotten
In the rain, in the dark we'll lay
In your arms, in your arms I'll stay
Anything we have known, anything we've forgotten
In the rain, in the dark we'll lay
In your arms, in your arms I'll stay Take my hand
Let's go into the trees
Behind the branches
Falling on our knees
I remember feeling like this part of us will never change Anything we have known, anything we've forgotten
In the rain, in the dark we'll lay
In your arms, in your arms I'll stay
Anything we have known, anything we've forgotten
In the rain, in the dark we'll lay
In your arms, in your arms I'll stay Follow me
We both know the way
It's always been the same Anything we have known, anything we've forgotten
In the rain, in the dark we'll lay
In your arms, in your arms I'll stay
Anything we have known, anything we've forgotten
In the rain, in the dark we'll lay
In your arms, in your arms I'll stay In your arms I'll stay
In your arms I'll stay
In your arms I'll stay
In your arms I'll stay
