

Burden You

Pity Sex

I wanna burden you
I wanna burden you
I wanna burden you
I wanna burden you
We're so morphed, leading in spring
But somehow my days keep dragging
I want your summer salted skin
Without your smile that's wearing thin
I carved your name into a tree
It's not the same as it did me
Follow me home between my sheets
And then the burden in me
And I want you
But I don't want to
I'll never say I loved you
Because you know I still do
I'll always think of your lips
When I'm moving mine against his
I wanna know, I wanna know
That I'm running in your mind also
Don't let me go, Don't let me go
I'm your burden, you're mine to swallow
I wanna burden you
I wanna burden you
I wanna burden you
I wanna burden you
And I want you
But I don't want to
I'll never say I loved you
Because you know I still do
I'll always think of your lips
When I'm moving mine against his
I wanna know, I wanna know
That I'm running in your mind also
Don't let me go, Don't let me go
I'm your burden, you're mine to swallow.
