Leave It All Behind

STRFKR

Until all the things I feel
Replace all the things you did
I will remain a stranger
In every place you hid
Don't ask me to be your hero
Your stories are never real
And if I fall from danger it's
To close to the way I'm feelin'
I feel what I used to fear
I know what I need to hear
I can't keep waisting time
Why can't we just leave it all behind
The things it takes to make up
May seem to bring me down
It's not that I don't want you it's

Just someone like me around
I feel what I used to fear
I know what I need to hear
I can't keep waisting time
Why can't we just leave it all behind
I wonder if you know
The truth is far too cold
And if I could frame your soul
I'd never let it die
I feel what I used to fear
I know what I need to hear
I can't keep waisting time
Why can't we just leave it all
Why can't we just leave it all
Why can't we just leave it all behind
