Breathe

The Cinematic Orchestra

Oh, that song is singing
Singing in to me
Over everything
I used to beOh, that song is singing
Singing into meSlow and sweet
It carries me
Carries me
Out to sea
And swallows me
Into the deep
And comforts me
And comforts meOh that weight is lifting
Lifting on me
It carries me
Out to the sea
And swallows me
And swallows me
And swallows meInto the deep
And comforts me
And comforts me
In, into the deep
And comforts me
And comforts me
And comforts meBreathe up to me
Breathe up into me
Breathe out through me
Breathe into me
Oh breathe out through
Through me
Why don't you breathe in
Breathe into me
And breathe out
Through me
