

# Speechless

Hanson

Everybody wonders and some people know  
I guess that I'm some people 'cause baby it shows  
When will you do it and why will you go?  
If you've already decided then deliver the blow  
The way you walk around me, the way you talk around me  
You act so speechless, you've got nothin' to, nothin' to say  
The way you walk around me, the way you're talkin' to me  
Makes me wonder, if this was only play  
And I wonder will you still love me?  
Do you still love me, like you did before  
Said come on baby you think I'm so blind  
I see what you're doin' behind my back all the time  
I get suspicious when you call me someone else's name  
You think I don't notice that nothin's the same anymore  
The way you walk around me, the way you talk around  
me  
You act so speechless, you've got nothin' to, nothin' to say  
The way you walk around me, the way you're talkin' to me  
Makes me wonder, if this was only play  
And I wonder will you still love me?  
Did you ever love me, or are you showin', showin' me the door  
Ohh baby you think I'm so blind  
Ohh baby I'm not playin' around this time  
Ohh baby did you ever love me, or are you showin' me, showin' me the door  
The way you walk around me, the  
way you talk around me  
The way you walk around me, the way you talk around me  
The way you walk around me, the way you talk around me
