

# Crabsody In Blue

AC/DC

Well they move on down  
And they crawl around  
Walkin' sideways  
Sideways walkin'  
Gives me the blues And then you start to scratch  
And they start to hatch  
Walkin' sideways  
Sideways walkin'  
Gives me the blues Oh, and when they start to bite  
Then it's time you saw the light  
For an appointment  
Before you start to scream  
That's when you apply the cream  
Blues ointment Well the doctor said  
We got to make 'em dead  
Stops 'em walkin'  
Sideways walkin'  
Gives me the blues Oh, and when you start to scream  
That's when you apply the cream  
Blues ointment  
And when they start to itch  
You go out and you take a bitch  
For an appoinment Well you rub it on  
And you rub it in  
Stops em walkin'  
Sideways walkin'  
gives them the blues They got the blues.  
Gives them the blues.
