

# Hun Bolobolo

## Pirates of Liloa

In a tropical location  
I met a lady on vacation  
She was impressed with the Hawaiian style  
So I sat with her for a while  
It seemed she had the aptitude for the mood  
Cuz we were gettin in a real good groove  
Her eyes shinin in the Hawaiian moon  
And I was thinkin maybe time to get nude

Thats when i sayed  
Hun bolobolo hun bolobolo  
Say what?  
Hun bolobolo hun bolobolo

(Harmony) -so stoned, so stoned, so stoned

We're at the den of inspiration  
Where we enjoy every day  
So many hours spent makin music, cannot refuse it, no  
But nowahine no getting high  
So I told my bros I gotta step out  
And I went to see my natty little galfriend  
She was so fucking stoned I could tell  
So I took a big blast for myself  
And then I said

Hun bolobolo hun bolobolo that's how we cover the spread ya  
Hun bolobolo hun bolobolo

(Harmony) so stoned, so stoned, so stoned

Harmony. ..
